Alien Romance: Saved By A Human Female (Alien Escapades Book 1): A Sci-fi Alien Warrior Invasion Abduction Romance

Synopsis

The complete Alien Escapades Series (Books 1 - 5) is now AVAILABLE as a box set on Kindle or as a single paperback book! Amelia Donovan is an OBGYN extraordinaire, TV aficionado, and the resident cat lady of her apartment. Amelia has had a really bad day. She just found out her smarmy would-be perfect boyfriend has been banging everything that walks and her dream of a free treatment women's facility has been crushed all on her 30th birthday! All she wants to do is maybe curl up on the couch with a bottle of wine and her cat, Captain James. But Amelia's day just went from bad to worseâ | Sheâ ™s been accidentally taken by an alien with funky eyes and shes pretty sure Captain James peed on her shoe.....sigh whatâ ™s a girl to do? This book contains mature themes and language, only suitable for ages 18+!

Customer Reviews

Now I am going crazy because I have to wait to read the next part. This was a great story....it's nice to see a cat playing the hero even if they don't know they are one. Can't wait for the sequel. Interesting take on the alien and the symbiot hairdo. I never thought of the idea of two aliens fused together. They could give hairclub for men a run for their money! ^•. It seems to me as though the

weird bat creatures are mice with wings. I wonder if the symbiot on their heads decides they hate cats and And start kissing every time a cat walks by that could make for a really interesting scenario. I can see it now cats whizzing by jumping in the air and grabbing that squeak squeak rip tear and In the background you hear the sound of hissing. It could be the easier way to get rid of the cats when the jobs done is just for everyone to lay their head on the ground next to the cats. I can just see it now..... alien race killed because their symbiotic hairpieces jumped off their heads and chased down the cats, resulting in massive blood mayhem and extinction of the cat species as well.

It was okay. Not bad, but not really that grab you and refuse to let you go til you finish it kind of story either. I almost felt like it needed more development. The male lead was very shallow, no development at all to make us care about him or not. The female was very developed. It has potential, but just wasn't brought far enough along.

I found book one to be very entertaining. I really like the idea that a human and her cat is going to be able to save some advanced aliens. How refreshing. I don't want to give more away because I think you need to read this book for yourself!

I really enjoyed this book. I don't think I've read anything from this author before but I will now. Great writing. The plot line was original and a great story line. So 5 stars. I'll be waiting for the next in the series.

Kind of an original idea but the writing is so silly. Don't see much in here to make this an adult novel. What there is could easily be removed, and the plot expanded on to make this a full novel instead of just a story. Am going to read the next in the series. If it is not better written, will skip the rest.

Disappointed.

all hail cats... there that out of the way. The reason I said this is because this book should of been called that due to the hero Captain James. I like this book the main lead she was head strong but gullible when it came to the other sex, but she learned and developed as a character.. this is a good book to read

This is an interesting start to a new series. I think it is going to be a fun read. What's not to like when you have such a smart cat to save the day. I hope we get to find out more about what happens

where this left off. No spoilers but I want to find out how the cats manage the pests :)
