Planet Rothschild (Volume 2): The Forbidden History Of The New World Order (WW2 - 2015)

Synopsis

VOLUME 2 of 2 / 300 PAGES / 700 ILLUSTRATIONS. From the days of the American Revolution, to the Jacobin French Revolution, to the coalition wars against Napoleon, to Andrew Jackson's war on the Central Bank, to Karl Marx's war on sanity, to the U.S. Civil War, to the Reds' shocking wave of 19th century assassinations, to the conspiratorial founding of the Federal Reserve, to the horrific First World War to enslave Germany, to the Rothschild-Communist subversion of Russia's Czar, to the horrible World War against Hitler and Japan, to the Cold War, to the JFK assassination, to the "women's movement" to the Global Warming Hoax, to the "fall of communism", to the 9/11 attacks & the "War On Terror", and finally, to the looming confrontation with Russia and China - the common thread of the New World Order crime gang links all of these events together. At the heart of this self-perpetuating network sits the legendary House of Rothschild - the true owners of Planet Rothschild. Though an alliance with other billionaire families, universities, corporations, think tanks and media moguls worldwide; the cabal has, for 250 years, manipulated world events and political players like so many pawns on a global chessboard. Now, you can earn your 'Phd' in NWO studies by reading the epic two-volume timeline thriller - PLANET ROTHSCCHILD. It is a unique "blurb by blurb" chronological and photographic review that will enrich your depth of historical knowledge like no other work of its kind.

*****"Absolutely mind bending research... I was hooked immediately! I had studied the NWO for years but had no idea of so many of the critical events revealed in PLANET ROTHSCCHILD." - Carl Norris, Davenport, Iowa

Customer Reviews

I have read a few of King's books, but with Planet Rothschild, he positions himself as arguably the world's leading authority within the truth movement. I must caution the reader in advance - Reading Planet Rothschild will not make you a happier person, but it will make you informed as to the true agendas within the world and who is behind them. I also caution the reader to beware of negative reviews; there are many people who would like to keep the world in the dark, it is how they have and continue to get away with what they're doing, by keeping the people ignorant. If a negative reviewer has an intelligent reason for not liking the book, or at least picks issue with a particular historical event contained within, then fair enough, but their arguments should at least be based in attempting to be critical and logical. Unfortunately, every single one, without exception is resorting to personal attacks against the author. I hope those reading this will be more open minded and give this important work a chance. My advice is that you also carry out your own research afterwards, just like the author suggests. You will be surprised (or maybe not) to find that much of what we've been told our entire lives have been nothing but half-truths, selected facts and history from only the winning side. Often, entire events are omitted. When you're given the rest of the data, the entire context changes - And the result is often shocking. Speaking from a personal viewpoint, I was very critical about much of what this book states. I've read it twice now; once with a heavy heart, the second time from a cold analytical perspective as I corroborated selected 'blurbs' from within the book. I am satisfied that this is REAL.
