## Customer Reviews

This has always been one of my favorite cook books I wanted to find it again for a young chef that works here and for my daughter ebay helped with that !!!

This was a gift for a friend, replacing her lost copy and she loved it. This book was a find as it's no longer in print.

Great recipes

As soon as I got the great book I put to good use. Wow easy recipes and myself being italian and reading the contents to the last page has giving me a chance of revisiting my faraway home.

Thanks for letting me relive and enjoy the wonderful and delicious place on Earth called Italy. This is the kind of cookbook that, once one starts reading, it can't be put down till the end of it and then you'll come back again and again to put in use those easy and delicious recipes. Thanks!!
