Thank you, Sophie Jenkins for telling your story. You are a brave person for informing others about

child abuse. I cried while reading it because you had to keep quiet all those years. In the end the abuser got a taste of his own abuse because you were brave enough to torment him enough to commit suicide. That is one less person that we will have to protect our children from and his payback was "hell".

I liked this book. It told the story but from a different perspective. I felt that the author wanted her story out there but kept it to a minimum. It just too bad it happens way to often to children. I hope this story helps others.

I read these books and feel so horrible for these children. This book actually made me realize that I am sheltering my child and need to teach her about these monsters out there. There are so many disgusting human beings out there and as a parent I should be teaching her what to watch out for and WHY! Thank you Kate for your words of wisdom. As a parent it really made me realize that I should not turn a blind eye to anything my children act out on. I should instead sit down and talk to them.

Child abuse is a life changer. Child abusers should have their lives forever changed, physically. This woman will never have the chance to be who she would have been. I don't know that I could forgive my mother either, that is a tough one. Glad he killed himself and glad she was around to know it. Too bad he didn't do it sooner. I am sending positive thoughts your way young lady. You have a brave soul and I smile with the thought of you enjoying your time free of "that".

I was horrified at how easy it was for this pedophile to access children. This book made me able to put some of my own child tragedies to rest. This was a good book and in reading it i also feel wonderful that a portion was donated to keeping others at risk a little bit safer. God Bless.

Starting the book blaming her mother made it hard for me to feel sorry for her. I also found it very frustrating that as an adult she found out her abuser worked with children and still did not report him. Overall I just couldn't relate

Very well written and honest. It is important for the abused to share their stories and do so in a way that makes us feel what abuse does to the soul so maybe we won't abuse or maybe we will develop an empathy that will make the world a better place.

Well done to Sophie for not letting that waste of space ruin her life. Hanging was too kind for that evil monster. I wish Sophie the best of luck in whatever she decides to do in life and my thoughts are with her. Beautifully written all the best Sophie xxxx
