This is a very helpful guide that will show you how to practice Reiki, as well as what to do leading up to the experience. The author seems to be very knowledgeable, and provides many resources that will be of great help when beginning to practice Reiki. There are other important topics covered, such as relevant symbols, and how to practice Reiki in your daily life. I would recommend this book to anyone who wants to practice Reiki or is interested in learning more about its healing qualities.

A great book on wicca principles. The author has done a great job in covering the most important aspects and explaining them in a more simple and easy-to-understand way. The topics were covered in a simple language and they were covered in a very concise and to-the-point manner. The diagram provided with every topic(for example in the topic "The hand positions") were very useful. I would recommend this book to everyone.

A basic guide for the curious about what the Wicca religion really is especially about reiki. Through reading this book you will understand about reiki, its history, treatment process, chakras and many other important things. The author made every topic very easy. his writing style is very unique and language is very easy. Highly recommended.

The title says it all. I love the fact that there is a suggested daily spiritual practice to do, actually written in a book, as I am not that creative. This book helps me out, each day, helps me with my craft and guides me along. Makes a great reference pieces for your spiritual library, especially in clergy or mentor-ship work!

Curiosity about WICCA believes and practices made me buy this book but its more about Reiki and its role in achieving meditative state, Improving well being and unleashing the locked energy in every one of us. The Author goes into detail about Reiki Healing, Treatment Process and its

Symbols and their respective Meanings.

This book is knowledgeable, I don't have to believe on Wicca I just get this book to know about the Wicca. The book is helpful for Wiccan's and if they read this book they will get spirituality and they get guidance and light of Wicca Reiki.

The entire concept of this book is really amazing. It clearly explains what Wicca spells really is and the magic behind the power of Reiki healing. The book tackles about releasing blocked energy and how to increase energy level. It also discussed its huge impact in health and how to maintain it. This is very interesting to read, especially for the beginners, there is lots of information you will learn about Wicca.

Informative book and is very timely because I am just learning about Wicca and witchcraft and needed some guidance. This book was very informative and I feel like I have a better understanding of Wicca. Recommended.
