John Van Auken knows something. Something learned in more than thirty trips to Egypt, with special attention to its' ancient monuments and tombs. He also knows something based on his many years of studying the Edgar Cayce readings at the Virginia Beach based ARE (Association for Research and Enlightenment), which he now serves as a Director. In "2038," Van Auken continues to share what he's learned with his readers. In "Edgar Cayce's Tales of Ancient Egypt," he told the story of Egypt more than 12,000 years ago. A time further back than most archeologists are willing to consider possible. In the present work, he again draws on the Edgar Cayce readings, as well as the "Egyptian Book Of The Dead," (which Van Auken points out is better understood as a guide for spiritual transcendence, than a guide for the deceased). Van Auken also weaves in a prophetic timeline based on the so-called "pyramid inch." As the reader delves deeper s/he finds the author creating a narrative that draws on both historic, and mystical wisdom to point to a future transition to a more evolved humanity, as a species that fell from its original state, makes a quantum leap in returning to that ascended state. All this by 2038. This work will delight fans of ancient mysteries, and seekers of spiritual wisdom. And it is a fascinating romp through complex material made readily accessible by the author's folksy style. Enjoy!

Van Auken is well versed in occult lore and especially the Cayce material. Recent books, however, have begun to contain repetition from previous works, and this one falls in that category. The actual book material is only 106 pages; the remainder of the volume consists of 61 pages of appendices, details from the Egyptian Book of the Dead and material about the Great Pyramid. Much of this

material is available elsewhere. Stick to his earlier work and you will find material of great value, such as "Toward a Deeper Meditation" and "Edgar Cayce on The Revelation".

if you are a student of the Cayce readings there is not enough new info here to fill a book for 14 dollars interesting and informative for someone new to Cayce

This is a great book on the 2038 Timeline Prophecy. I enjoyed reading the part, and I quote: Cayce said, "That there were underground connecting chambers from the Sphinx's right paw. To the records. It cannot be entered until the time has been fulfilled, and it may not be entered without an understanding, for those that were left as guards may not be passed until after a period of their regeneration in the Mount, or the fifth root race begins. What a saying in reference to pyramid prophecy. This hidden knowledge is not accessible to us right now, though we know about it right now. It is time sealed until 2038 or after.

I read this book hoping that it might have some real answers to what the pyramid time line was and what was it all about, boy was I ever disappointed because it wasn't a very good read nor would I ever recommend it, not that interesting to me at least, maybe someone else might disagree and say they got a lot from it but to me it wasn't that good. John Van Auken usually does a good job with his writings but this one he should have left out. Just my honest opinion.

this book is a great read for the details of the Pyramid and the prop[hecies as determined by the pyramid and inch by inch scale for the years

Prophecy is a way to avoid using rationalism in order to feel that someone knows what is going on in the world. Believing in prophecy, even bad ones, somehow makes most people feel better. You can look at what happened on 9/11 and believe it was foretold either by Nostradamus via the 'King of Terror' quatrain, OR by Revelation 18:2. These perceived mental matches are not proof of prophecy, only of similarity. In general, for nearly all prophecy, you check your brain at the door. So, in this book, we again have another spin on a common theme that is redone every few years. That the pyramid is encoded specifically for us if as though to predict future events. We bring up the pyramid inch, starting measuring, apply to the calendar, and viola! The pyramid becomes an oracle just for us. This was done by Charles Piazza Smyth and E. Raymond Capt. In more recent times Peter Lemesurier also took a swing at this. You can also sprinkle in Edgar Cayce, as this book

does, and run with your ideas. Generally this book is not a unique contribution to either pyramidology, Cayce, nor prophecy. If you have read anything on the mystery behind the origins of the Great Pyramid or Cayce's readings, you will not find much here. Our future is being written by us every moment. Do not let others tell you what must happen. Make your future what YOU want it to be. If there is a message in the Great Pyramid it is NOT about our timeline but about something much grander regarding the larger universe, not just this planet. Even Christopher Dunn argues the Great Pyramid is primarily a device. The real answer is that ONLY the builders of the Great Pyramid know why they built it and what it is for. Everything else written about the GP is purely speculation and supposition.
