Customer Reviews

Edgar Cayce, the "sleeping prophet" was probably unique among psychics in the methodology of how he transmitted messages between the earth plane and the Superconscious realm. He was not in it for the fame nor did he have an agenda to reveal the ultimate capital T "Truth" to mankind. After his ability was accidentally discovered his focus was on being an agent for healing and a means of

personality analysis. As he was engaged in "readings" for his contacts non-health related information such as past life experiences, prophecies, esoteric and metaphysical concepts also came through. The output from many mediums is characterized by being like systematic treatise of (purported) divine advice and wisdom (e.g. Oahspe, Urantia Book, A Course in Miracles, Ramtha, Kryon, The Law of One, etc.). Other than the material Cayce produced for the "Search for God" study group, his readings were not produced in the kind of format that easily lent itself to publish point-by-point revelatory texts. This book is an example of how the thousands of Cayce readings can be dissected, culled and analyzed by authors to extract and systemize information useful for seekers. There are twenty-four chapters, each entitled as a principle, such as "Live for a Purpose Greater than Yourself" and "Every Crisis is an Opportunity for a Breakthrough". These are included in the book's four parts: 1. Basic Principles for Creating Your Future, 2. New Ways of Looking at Your Life, 3. Free Will, Destiny and Relationships, and 4. Strategies for a New Life. At the end of each chapter is an exercise to give the reader practical homework to apply the principle that just was taught.
