Student Study Guide And Solutions Manual For Organic Chemistry, 7th Edition

Synopsis

The best way for students to learn organic chemistry concepts is to work relevant and interesting problems on a daily basis. Authored by Brent and Sheila Iverson, The University of Texas at Austin, this comprehensive manual offers detailed solutions to all in-text and end-of-chapter problems in the Seventh Edition of the core text. It helps students achieve a deeper intuitive understanding of the material through constant reinforcement and practice--ultimately resulting in much better preparation for in-class quizzes and tests, as well as for national standardized tests such as the DAT and MCAT.

Book Information

Series: Student Study Guide and Solution Manual (Book 2)

Paperback: 857 pages

Publisher: Cengage Learning; 7th edition (April 25, 2013)

Language: English

ISBN-10: 1285052617

ISBN-13: 978-1285052618

Product Dimensions: 1.5 x 8.5 x 11 inches

Shipping Weight: 3.8 pounds (View shipping rates and policies)

Average Customer Review: 3.6 out of 5 starsÂ See all reviewsÂ (11 customer reviews)

Customer Reviews

this is not a study guide just the textbook

This was really helpful for ochem 2! I'll probably use it again to study for my DAT. The only downside is the paperback cover, which got ruined pretty quickly.

Good manual, though not the best textbook. David Klein did a much better job at orgo explanation and depth of understanding

Decent textbook, disappointed that this 7th edition still has plenty of mistakes! My professor and classmates were on top of these mistakes and we all worked through incorrect answers and filtered

out useless information we didn't need to know. Sometimes information that was provided was not uniform and seems as though random information was sprinkled in at times. I do like the fold out charts at the back of the book of reaction mechanisms.

The book was comprehensive however some of the examples were not super clear. I liked that it was paper back because it was lighter than hard back books to carry around.

it was nice book. but there was some problems on the shipment. Of course it has solved, but I had to wait a longer time than I expected.
