Criminal Justice Policy And Planning

Synopsis

Unlike other textbooks on the subject, *Criminal Justice Policy and Planning* presents a comprehensive and structured account of the process of administering planned change in the criminal justice system. Welsh and Harris detail a simple yet sophisticated seven-stage model, which offers students and practitioners a full account of program and policy development from beginning to end. The authors thoughtfully discuss the steps: analyzing a problem; setting goals and objectives; designing the program or policy; action planning; implementing and monitoring; evaluating outcomes; and reassessing and reviewing. Within these steps, students and policy-makers focus on performing essential procedures, such as conducting a systems analysis, specifying an impact model, identifying target populations, making cost projections, collecting monitoring data, and performing a meta-analysis. In reviewing these steps and procedures, readers can develop a full appreciation for the challenges inherent in the process and understand the tools required to meet those challenges. To provide for a greater understanding of the material, the text uses a wide array of real-life case studies and examples of programs and policies. Examples include policies such as Restorative Justice, The Second Chance Act, Three Strikes Laws, and the Brady Act, and programs such as drug courts, boot camps, and halfway houses. By examining the successes and failures of these innovations, the authors demonstrate both the ability of rational planning to make successful improvements and the tendency of unplanned change to result in undesirable outcomes. The result is a powerful argument for the use of logic, deliberation, and collaboration in criminal justice innovations.

Book Information

Paperback: 248 pages

Publisher: Routledge; 4 edition (March 22, 2012)

Language: English

ISBN-10: 1437735002

ISBN-13: 978-1437735000

Product Dimensions: 9.1 x 7.4 x 0.7 inches

Shipping Weight: 13.6 ounces

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (16 customer reviews)

Customer Reviews

The layout of the book makes it difficult to read on a kindle. It's hard to get an overview of the book. There are many tables/figures that are really hard to read on the small kindle even after zooming in. I actually borrowed a paper version of the book and made a bunch of copies. I would recommend a paper version of this book.

Great reference for my Master Degree Study Thanks for sharing,; I will be passing this along with several others to family members or the public library in years to come.

This was my text book for a college class. I. wasConcise, easy to understand. I was glad it wasn't uneccesarily overly complicated.

This book was rented for college purposes. The book gives detailed explanation of the different steps in policy planning.

Over all the book was a good deal, however there are some minor typos within the text.Thanks very much.Jose

There are so many typos in this book and other errors that it is actually becoming a problem to read.

Used an ebook a online for a class and wanted a hard copy.

Book for the masters program and continuing education
