7 More Psychological Complexes That You Didn't Know Existed: Cinderella Complex, Superman Complex, Napoleon Complex, Messiah Complex, Phaedra Complex, ... Complex (Transcend Mediocrity Book 125)

Synopsis

With the popularity of my previous book of Psychological Complexes, I am continuing the series to educate readers on a few of the complexes that I missed in my first book. In Book 1 “ we covered Jocasta, Medea, Oedipus, Peter Pan, Wendy, Cassandra, Inferiority, Superiority and Cain Complexes. Additionally, I covered Madonna-Whore Complex, Wendy Complex, Peter Pan Complex and Cassandra Complex in separate books, as I felt that they needed further explanation. These are definitely some of the most interesting and deadly complexes, as they often can cause unrelenting jealousy and scorn between family members. Many of these complexes can encourage a sort of “shared” psychoses between parents and children, lovers or siblings. Many of us know people who suffer from these types of complexes and don’t even realize it. A Psychological Complex can drive a person’s thoughts, feelings and emotions. It can cause us to react inappropriately, irrationally and violently to any given circumstance. Often, other people are not aware of the signs and symptoms of a psychological complex. However, they are still hidden just beneath the surface, driving a person’s decisions and causing seemingly stable people to unravel at the most inopportune times. A psychological complex can drive a person to murder without much warning, and they may not be so easy to diagnose. Download now to read more!
