# The Laws Of Justice: How We Can Solve World Conflicts And Bring Peace

## Synopsis

How can we resolve conflicts in this world? Why is that we continue to live in a world of turmoil, when we all wish to live in a world of peace and harmony? Just in recent years, we've faced issues that jeopardize international peace and security, including the rise of ISIS, Syrian civil war and refugee crisis, break-off of diplomatic relations between Saudi Arabia and Iran, Russia's annexation of Crimea, China's military expansion, and North Korea's nuclear development. In hopes of offering solutions to global crises, thereby bringing peace, security, and happiness to all people, Ryuho Okawa, Global Visionary who has readers in over 100 countries wrote *The Laws of Justice*. This book shows what global justice is from a comprehensive perspective of the Supreme God. Becoming aware of this view will let us embrace differences in beliefs, recognize other people's divine nature, and love and forgive one another. It will also become the key to solving the issues we face, whether they're religious, political, societal, economic, or academic, and help the world become a better and safer world for all of us living today.

## Customer Reviews

The 22nd Laws series by Ryuho Okawa. In this book, Okawa tackles Japanese domestic issues as well as current international affairs. What is the meaning of the word, "justice"? How is personal justice different from global justice? Who defines justice? Who decides what is "right" and what is "wrong"? These are very difficult questions to answer, as each and every person has a different perspective and a different definition of justice. Not a single president or head of a country can teach

and convince the people of the world what justice is. Not one teacher, not one military leader, not one religious leader. The book does contain very serious and controversial matters, and the author does not intend to add fuel to the fire. Rather, I can somewhat feel his passion and burning desire to save all the people of the world from suffering and chaos. Now is the time to overcome hatred and embrace love. Open this book, and you've taken the first step to bringing the world together.

It is only by God's Justice that we can create real peace on Earth. God is never silent, He is speaking to us through this masterpiece. It is also filled with Universal examples that can be applied to situations for thousands of years. We are living in a blessed time indeed.
