Celtic Spirit Coloring Book: Knotwork Designs For Inner Peace (Serene Coloring)

Synopsis

Traditional Celtic knotwork designs are among the most beautiful, intricate patterns ever created. And coloring in their interlaced paths can relax and focus the mind. Unwind by adding color to these 80 exquisite Celtic- and Norse-inspired examples, all from a noted knotwork designer. As you work, let your imagination drift to a different place and time, when designs like these might have originated. When youâ™re done, display the finished art for reflection and pleasureâ”or give it as a gift to a friend or loved one.

Customer Reviews

Beautiful thick, smooth pages make the book ideal for almost any medium... I used watercolor pencils and loved the way they worked on it. A lot of variety to choose from. My only two complaints are 1) that the pages are double-sided, so they're not great for display, and 2) 11 of the designs span two pages, making them impossible to color properly unless you tear them out. Other than that, this is an awesome, relaxing book. Thick cover and easy to remove pages make it a lot of fun and very durable.

Pictures are lovely. But, they are printed on both sides so marker bleeds right through and ruins the

picture printed on the back of that page. So very disappointing.

designs are heavily inked and not what I was expecting as some designs cover two pages and print is on both sides of pages, making it difficult to tear out a design to color without disrupting another illustration

I agree with the others - this book is full of really beautiful designs. If you like celtic knotwork, you will love the artwork. The two negatives for me are that the pages are not perforated, so you can't tear them out, and the pages are printed on both sides. This isn't a big deal if you only use colored pencil, but I like to use markers and inks as well, so bleedthrough would be inevitable. I am happy to have this book though, and the positives outweigh the negatives!

This is great! There are lots of designs and they are very intricate and look very authentic. I bought it cause I like to collect books full of knotwork but I took one look at it and now I'm going to have to color the whole thing!

The artwork in this book is absolutely stunning. It's one of the most beautiful coloring books for adults I've come across. The only negative I have is that the images are printed on both sides of the page. Therefore, markers are out of the question. However, the quality and beauty of the illustrations far outweighs this drawback. I highly recommend taking a look at this one!

The pictures were back to back and could not use a marker on them. Plus there were some that would be one picture on two pages, making it difficult to color properly.
