Collect Raindrops (Reissue): The Seasons Gathered

Synopsis

Gather, Navigate, Welcome, Fortify, Surrender, Save, Listen, Make Mistakes. These are some of the messages renowned artist Nikki McClure affirms in this gorgeous monograph of her paper cuts. Organized by season, these delicate pieces exude an optimism that revolves around community, sustenance, parenting, and appreciating both urban and rural landscapes. McClure's work reminds us of the important things: the change of seasons, slowing down the world for a moment so we can actually taste it, looking up at the stars to dream. This reissue of the 2007 art book includes 64 pages of new, breathtaking art. At a smaller trim size than the original, this volume makes the perfect gift.

Customer Reviews

I had seen some posters of this artist's work but hesitated to buy one because I couldn't decide which I liked best and they were a little expensive - and then I found this book in a coffeeshop and fell in love. Her intricate paper-cuts look almost like woodblock prints - they are bold and often simple. Her use of line is wonderful. I love her work!

Gorgeous! A beautiful tribute to life, family, children, and nature. The artist is very talented. Her sense of composition, design, and humanity resonate..

This is a beautiful collection of McClure's work. My whole family loves it. We revisit the book every

new season to read her transcendent visions of nature's progress .The artwork is heartfelt, touching. It gives the viewer a quiet comfort. Looking through these pages makes you feel at home in this big world.Great as a gift, coffee table adornment and addition to any art collection.
